## **COVID-19 Training in Accordance with VOSH 16VAC25-220**

In the face of the devastating impact of the COVID-19 pandemic, the Virginia Safety and Health Codes Board has adopted a permanent standard on the **Infectious Disease Prevention of the SARS-CoV-2 Virus that Causes COVID-19 16VAC25-220**, to protect employees and employers from the spread of COVID-19. This standard will keep Virginian's safe and health at work, customers confident in the safety of Virginia's business establishments, and employers open for business.

The standard applies to all private, state and local government employers and employees covered by VOSH jurisdiction.

Information related to the standard may be found at [www.doli.virginia.gov](http://www.doli.virginia.gov).

### **For Employee:**

I, \_\_\_\_\_, certify and confirm that the following statements are true:

I completed Pulaski County's required training in accordance with **VOSH 16VAC25-220**. **New hires will complete forms during employee orientation.**

I understand that in the case that additional training will be required, Pulaski County's Human Resources Director will contact me to schedule any additional and/or follow-up trainings.

*To minimize exposure, I also understand that I am expected to use appropriate PPE when I am working in close proximity with other staff, clients, or partners of the company, and that COMPANY has a zero-tolerance approach to intentional or unintentional breach of company guidance on the use of PPE. I will also participate in a daily self-assessment for COVID-19 signs and symptoms and report any findings to my supervisor immediately.*
