

## **PULASKI COUNTY HEALTH SAVINGS ACCOUNT (HSA)**

For the year beginning July 1, 2021, we will continue to offer the option for payroll deduction for adding extra money to your Health Savings Account (HSA). You must elect the Anthem KeyCare High Deductible Health Plan to participate in the Health Savings Account.

HSA contributions may be made at any time throughout the calendar year. Pulaski County deposits the employer contributions to employee accounts in January of each year. Individual plans receive \$1,260, family plans receive \$2,508. An email will be sent out in December as a reminder for those that may want to increase their accounts in January 2022.

For 2021 the plan limits for contributions are \$3,600 for individuals with self only plans and \$7,200 for individuals with employee plus plans.
